

Regarding K-LOVE radio station. K-LOVE serves my family many of my co-workers and myself through uplifting family programming. The FCC should take note and support these types of radio stations which tend to bring hope and joy to the lives of citizens. If K-LOVE radio station were to be replaced, many citizens of Oklahoma City area would be upset because of the good moral programming and the serious lack thereof from other secular stations. I believe that the public interest is always best served when given better options like family value radio programs. It is important to remember that what people see and hear contribute to what they think. Therefore, it is always in the citizens best interest to provide them the opportunity to listen to good solid moral radio stations who play uplifting Christian music. K-LOVE plays songs which tend to focus people on living out a righteous life for the benefit of others. When people are encouraged, to live right not only do they benefit but all the citizens with whom they come in contact with benefit. So, it stands to reason that GOOD CHRISTIAN RADIO STATIONS LIKE K-LOVE SHOULD REMAIN ON THE AIR.

Thank You,
